Editor, Press-Herald:
El Camino College's Board of Trustees is asking the electorate to approve a 20-cent tax override come this Nov. 7. They could have requested the passage of a bond issue the same as our Torrance Unified School District is doing. This would have the effect of reducing the present tax rate because Camino's existing tax override is due to expire in 1967.
Raising the needed funds through a bond issue distributes the cost of the funding program over a period of years to be borne by the taxpayers whose children will be benefitting directly from the school facilities through attendance and participation.
Here is an opportunity for voters to take constructive action in reducing their tax bills. Such action could conceivably force the El Camino Board of Trustees to appeal for funding through a bond issue at a later date. I have put the Board of Trustees on notice before that our tax rates are too high and they have seemingly ignored this, possibly in the belief that our voters are not intelligent enough to recognize the difference.
The only reason for raising funds through a tax override, as I see it, is due to the fact that only a majority vote is needed. I have faith in the intelligence of the electorate and will speak out against the tax override at every opportunity.

Some verses in Chapter 13 of St. Paul's letter to the Romans read:
"Rulers are not a terror to good works, but to evil... Do that which is good and thou shalt have praise of the same... If thou do that which is evil, be afraid; for he beareth not the sword in vain; for he is the minister of God, a revenger to execute wrath upon him that doeth evil."
In this citizen's opinion, we have too many panty waist pastors and too many quack doctors of divinity who are also doctors of phoolosophy and quackosophy who are too timid, too afraid of controversy with the devilerats, to preach a sermon on the foregoing Bible quotations.

'Truth' to Be Explored At Service

Related passages to be read from the denominational textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will include these lines: "The spiritual sense of truth must be gained before Truth can be understood. This sense is assimilated only as we are honest, unselfish, loving, and meek. In the soil of an 'honest and good heart' the seed must be sown; else it beareth not much fruit, for the swinish element in human nature uproots it."

Because of Chief William H. Parker's sincere dedication to the welfare of his district, and his return to official responsibilities while still ill — yet (as always) to fulfill what he considered his duty — I feel his passing to be a terrible loss. That proficient and worthy great man was needed so much for the protection of our communities.
Personally, I think of him as being a sacrificial offering towards his aims — for lawfully regulated, peaceful relations throughout the Los Angeles area.

Those like myself who have greatly appreciated, trusted, and relied on the merits of this highly outstanding chief of police surely are mourning and sending forth their sincere sympathy to his wife, family and friends.

BIRTHS

Editor, Press-Herald
Another Fourth of July has passed with a lot of speeches, parades, and talks on radio, television, and in the daily papers about what our Founding Fathers did and about our inheritance from them.
Yet, our present day delinquent children and delinquent parents and mothers of Poodle Dogs who hold a Poodle Dog in their arms (instead of a baby or grandbaby, or adoptive baby) are the Democrat-Citizen operators of a democratic government in which juvenile delinquency, juvenile crime, adult crime, and Godlessness (even in our Supreme Courts of Justice) are becoming more serious and expensive every day.
From coast to coast, political demagogues, doctors of divinity demagogues, great (prodigal son of Uncle Sam) society dolerocrats, taxercrats, doogoodercrats, devilerat politicians, and bureaucrats are pandering their panaceas.
One medium large business is making it part of the company business to advocate the business, moral ethics, and God-respecting philosophy of life, business, and citizenship of our Founding Fathers. In contra-

Contract Goes To Local Plant

A contract totaling \$74,703 has been placed with Garrett Corp., according to procurement officials at the Sacramento Air Material Area with headquarters at McClelland Air Force Base, Calif.
The Air Force contract is for package air conditioning.

Richard S. Ahrendt, son of Mrs. G. W. Ahrendt of 4235 W. 178th St., has been promoted to airman 2.C. in the U. S. Air Force.
Airman Ahrendt is a freight traffic specialist at Altus AFB, Okla. He is a member of the Strategic Air Command, America's long-range nuclear bomber and missile force.
The airman is a graduate of Bishop Montgomery High School.
